

The Young Inventors Association of America (YIAA) *presents the ...*
30th Annual Young Inventors' Showcase of Houston

Are you looking for a practical application for using scientific processes? Take science and innovation to the next level by participating in the 30th annual Young Inventor's Showcase of Houston! You will conduct research, apply your science knowledge, and utilize your innovation and design skills as you create your own invention!

The top winners of your school's Inventors' Showcase can apply to the city-wide **30th Annual Young Inventors' Showcase of Houston at Houston's newest downtown incubator, the NEWLY OPENED (!) Station Houston (www.stationhouston.com)**, where you have a chance to win a patent!

The grand prize winner will work with **The Eldridge Law Firm** to potentially receive a patent for their invention. Previous winners used earnings from marketing their inventions to help pay for college expenses! Entry in the showcase is free and open to all children in Kindergarten through Eighth grade. For "Guidelines" and "Application", go online to:

<http://www.younginventorsshowcase.org>

*The 30th Annual Young Inventors' Showcase is proudly sponsored by:
The University of Houston*

Individual applications must be submitted by March 30th, 2018. For school district level winners, applications for the citywide event must be submitted by April 15th, 2018. The citywide competition will be held at the University of Houston on **May 19th, 2018**.

For more information on how to host an Inventors' Showcase at your school or to receive applications for your students or children, contact Max Martin.
